Numerical Answers

Question B1

(a) ROP = Room occupancy percentage

ADP = Average daily rate

(b) Room occupancy percentage (ROP)

(Hotel rooms occupied / total available rooms) x 100% or

(650/ 900) x 100%

= 72%

Average daily rate:

Room revenue/ total number of rooms sold or

(85,442/ 650)

= 131.45
